PROVO POINTS.

Daniel W. Joses from the State of Chibushua, Mexico, was in town a few days.

Some ranness complain of a partial failure of the read postors, planted early in the session rotting in the ground. Some are now replanting in the bepe of yet raising a crop. It seems to be a kind of dry rot that affects the seed potatoes.

WE HAVE not learned of any regular programme for the celebration of Independence Day in Provo, though there will be a game of baseball between the Aleris, of Provo, and the Utah Central nine from Salt Lake, on the 5th, and an entertainment by the Home Dramatic Club in the Theatre in the eve ung. Several parties are planning excursions out of town to celebrate the glorious Fourth.

Istranst is the grand exoutsion from Utah County to Lake Four and Beck's Hot Springs on the 8th inst. is really increasing notwithstanding the announcement of an ambitious individual to the effect that he proposes to get up a cheaper excursion next month. We are assured by members of the committee that they ha e secured the very lowest rates from the railroads that can be secured this season, and that although the x ursion was gotten up for Utah County, the people of Juab and Sampele Counties wave made application, and will probably make the arrangements to join us with the excursions of the 8th.

A FAMILY moved from one house to another early last spring, and recently the little girl of the family and her mother made a visit to the lady who occupied the house they had vacated. While there the little girl saw a very young baby that had arrived but a few days before, and which, leased her very much. She loosed at the baby for a long time, and then running to her mother said: 'Oh, mamma, come and see; we moved from here too soon. W.-'d had that nice little baby if we had stayed here a little longer."

Provo, July 1st, 1886.

Campbell Divorce Sait Counter Charges.

Losnes, July 2.—In the divorce case of Lady Campbell against her husband, Lord Colin Campbell, the fifth son of Duke of Argyle, the defendant to-day applied to the divorce court for permission to have stricken from the plantiff's petition par graph charging him with "adultery with persons unknown." The court reserved the decision on the prayer for a fortnight, and in the meantime will read the whole correspondence, and all the affidavits submitted by Lord Campbell in his cross suit to substantiate his charges that Lady Campbell has been guilty of adultery with the Duke of Marlborough, Chief of the Fire Commission, Shew, and others.
